Re: D.I.B. AUSTRALIA

To Whom It May Concern:

D.I.B. Australia recently installed 2Touch interactive whiteboards and Epson projectors at our school. We chose D.I.B. to undertake the installation as we already had an established relationship with them. The installation went well and D.I.B. addressed any issues as they arose.

The technicians who completed the installation were fantastic. They worked around the normal operations of the school and were prompt and polite.

I am happy to recommend D.I.B. Australia, Epson projectors, and 2Touch interactive whiteboards to other schools looking at interactive teaching solutions.

Yours sincerely
