

• We strive towards higher things

27th of June, 2008

When we recently decided to fit out one of our classrooms with a new projector system we looked no further than D.I.B Australia. We have used them before for other audio visual installations and were happy with their consistency and communication. I dealt mainly with Sam Garden who was helpful and always available. The works, managed by Melanie were well handled. Her constant email contact was handy given my profession, as phones aren't usually very useful for teachers. The technicians Mick and Jason were professional and went about the job in a manner that you would expect. All in all, we were very happy with the works performed by D.I.B Australia.

Russell Quinn
ICT Co-Coordinator
Box Hill High School

The logo for eXcE features the word 'eXcE' in a stylized, lowercase font. The 'X' is positioned between the two 'e's and is rendered in a lighter shade. The letters are bold and have a slightly irregular, hand-drawn appearance.
