Copperfield  
 COLLEGE

28<sup>th</sup> of August, 2008

To the staff at D.I.B Australia,

I am writing to thank you for the recent dealings I have had with your company and the works completed to install a projector system into our school's Automotive Room. We had had a similar fit out completed earlier in the year into one of our classrooms and as a result of that install we decided to approach your company again for our new project.

I dealt mainly with Sales Consultant Sam Garden and what I liked most about him was that he was very prompt in all areas. We were in a hurry for this set up to take shape and everyone from Sam to Mel in scheduling was on the money in getting things done. The technicians' work was of a high standard and James and Matt did a great job. Everything now works a treat, the quality is great and we are really impressed.

Best regards,

Jason Austin  
 Director Automotive Department  
 Copperfield College (Delahey Campus)

Ms G. Simson  
 Campus Principal
