## Reference D.I.B. Australia

To Whom It May Concern:

We have used D.I.B. Australia for a number of audio visual installations and maintenance works, and most recently for the installation of a multimedia projector, projection screen, speakers and control system into our boardroom.

I discussed our initial ideas for the boardroom with D.I.B.'s technician Andy Ives when he was on-site. He then got Sam Garden involved and a suitable solution was proposed and recommended.

D.I.B. was able to organise the installation for when I was in the office, which was when I needed it done as I travel frequently. Andy returned for this and got everything done in a day. He did everything very well and in a thoroughly professional manner.

I would have no hesitation in recommending D.I.B. Australia to other organisations requiring audio visual works.

Yours sincerely,

Peter Fisher  
Occupational Health & Safety Officer
