

SIENA COLLEGE

1st March 2010

Ref: D.I.B. Australia

To Whom It May Concern:

We have been using D.I.B. Australia for Audio Visual works for a number of years due to their superior quality of workmanship and installation finish.

We find D.I.B. do a professional job, and they have completed many projects throughout the college including the installation of short throw Epson projectors in various classrooms, the installation of 2Touch interactive whiteboards, and the installation of a powerful Epson EB-G5350 projector in our gym.

Mel does a great job scheduling our installations. When a technician is scheduled to carry out works, they attend the college as planned and carry out the works as agreed.

The technicians do a very professional job. Everything they have done works well and I couldn't fault them.

I would consider myself to be a happy D.I.B. Australia customer and would use D.I.B again in the future.

Yours sincerely,

Stanislaus Sukohondono
IT Services Manager
