Tucker Road's Impressions of D.I.B.

We had never worked with D.I.B Australia before, but were referred from another party and decided to get a quote for a projector system to fit our school hall. We dealt with Solutions Consultant Sam Garden and found it easy to obtain a quote from him and at the right price. In addition, his understanding of our school needs and helpful suggestions on more effective options was another reason as to why we ended up settling upon D.I.B for the final install.

The installation process was coordinated well with no suggested improvements on our part. The technician, James Ridd worked quickly, quietly and tidied up after the installation. He was able to fit in well with regards to the use of the school facility while the installation took place.

Best regards,

Anthony Hamilton
Assistant Principal
Tucker Road Bentleigh Primary School
