

MELBOURNE

RACING CLUB

31 July 2014

To whom it may concern,

DIB Australia has provided services to the Racecourse for nearly 10 years including auditing, permanent installations and temporary cabling for our Spring Racing Carnival. We chose their services and continue to call on DIB for their professionalism and expertise in their field of audio visual.

The most recent work we employed DIB to complete was the upgrade to an existing projector setup in our boardroom. A new projector was installed along with connections for HDMI inputs and our existing control panel was re-programmed.

Sam Garden, our Solutions Consultant, is always great with his knowledge and provides excellent advice to ensure our needs are met. Coordination of access times to the boardroom was difficult on this most recent project, but this process was made easier with Mel's help. As we have had DIB as our preferred service provider for a number of years now, technicians have built up a good knowledge of our site. Trevor especially has a great understanding of the site and the requirements of the organisation.

We look forward to continuing to build our relationship with DIB for many years to come.

Yours sincerely,

Matt McTaggart
Major & Special Events Manager
