To whom it may concern

Trinity Grammar has worked with DIB Australia on projects, which have ranged from extensive audio-visual installations in a lecture theatre, to simpler technological upgrades in classrooms. In all of these projects, DIB worked efficiently and to a high standard, ensuring that the jobs were completed on schedule. Choosing DIB seemed like a natural choice when it came to renovating more classrooms.

Our Sales Consultant, Sam Garden, went above and beyond to create an effective audio-visual plan for our classrooms that catered to our requirements thanks to his comprehensive understanding of classroom products. Sam was also very practical during our exchanges and conducted himself with an air of humility which made him pleasant to work with.

The Production Department, led by Mel Garden, was able to work within our strict deadlines and install all of the necessary equipment on time. Trevor, one of DIB's technicians, also went above and beyond for Trinity Grammar. Nothing ever seemed to be a problem for Trevor, and if the School wanted something adjusted, he was always more than eager to assist. Trevor was dedicated to this project, and frequently attended site on weekends to ensure that installations were completed seamlessly.

Overall, Trinity Grammar is very pleased with the services DIB has provided, and we look forward to working with them well into the future.

Kind regards,

Jason Grima
Property Manager
